Organization Information

1. Select the name of the institution in which you practice.

Your participation results will be linked to the facility where you practice.

Note: if you select the incorrect facility at the time of registration, contact the system administrator, so that your results will be reported correctly.

The institutions are listed in alphabetical order, first by service, then by facility name.

The preceding numeric code is a default number used by the system to keep the facilities displayed in the proper order.

Course Navigation

Navigate through the course by clicking the "Next" button at the bottom of each page. Return to the previous page by clicking the "Back" button at the bottom of each page. The course provides instructions throughout relative to completing each section. An important feature is bookmarking. This saves your place and allows you to return to the course at a later time without losing your work.

Bookmarking Feature

To return to the course at a later time without losing your work, click "Save and Exit"

After clicking Save and Exit, you will see this message that it is OK to close your browser window.

Your work has been saved. Next time you login, you will have a choice to start where you left off or to start over.

Thank You.

Your place in the course has been saved. It is now safe to close this browser window.

Restart a Course

To login into the system start typing your User ID and Password. Select the course you wish to resume.

Click on the in progress activity you wish to resume when you re-enter the course home page

Post-Test

1. The post-test is required and both the pre-test and the coursework are prerequisites.

2. It is necessary to achieve a passing score of 80% or higher to pass the post-test.

3. It is necessary to pass the post-test before the course is considered, "complete".

Student has three (3) attempts to pass the test.

Evaluation

Please evaluate your experience in taking the course. Your feedback will be provided to the courseware vendor, the accrediting agencies and the platform provider. Evaluation must be completed prior the post-test. The evaluation is available after the course is complete.

Continuing Education Certificates

All course modules, the corresponding evaluation, and a passing grade of 80% or higher is required to achieve a status of "complete".

Once all course components are complete, obtain continuing education certificates (nurses and physicians) from the <u>Course Home Page</u>.
