

BUILD COMPETENCY, GET CE

Improve Clinical Staff Competence and Improve Patient Care by Focusing CE in Crucial Areas

Nearly all clinical staff are required to complete a certain number of CE hours each year, yet many hospitals fail to engage their staff in taking courses that are relevant to crucial areas, as identified by the hospital. The **Clinical Practice Series** addresses this missed opportunity by offering a comprehensive library of courses with CE credit covering crucial areas for practice. The Series is designed to strengthen clinical competency for nurses and other hospital staff, increase adoption of evidence-based practices in crucial areas, and enhance recruitment and retention of nurses and staff. These self-directed, online courses were developed specifically for professional clinicians working in the hospital setting. Based on rigorous instructional design and adult learning principles, the courses are intuitive, engaging and effective.

“Educators in every one of our hospitals rely on these courses to help drive higher quality care, and to offer our nurses a valuable resource to meet their CE requirements. Nothing in the market has the high quality and clinical focus of the **Clinical Practice Series.**”

Sally Levell RN BSN
Sr. Director Learning Services
Tenet Healthcare Corporation

Impact:

Improve Staff Competence

- Training on crucial practice areas
- Courseware series is broad, but each course is focused

Improve Patient Care

- Provide access to CE related to your quality initiatives
- Increase awareness of evidence-based practices

Reduce Costs

- Leverage educator time by augmenting current orientation programs
- Recruit and retain staff by providing easily accessible continuing education

Features:

- Comprehensive library of 400 + courses offering over 500 hours of CE credit
- Developed especially for hospital-based clinicians
- In use by over 200 hospitals with high marks for relevance and satisfaction from students
- Flexible pricing model allows for individual or course group purchases

Relevance, Satisfaction, and Impact	
Highly Relevant	4.15 out of 5
Highly Satisfied	4.13 out of 5
Strong Perceived Impact in Patient Care and Medical Errors	4.06 out of 5
Strong Perceived Impact in Staff Recruitment & in Retention	3.96 out of 5
Since its launch, learners have completed 350,000 nursing CE hours with the Clinical Practice Series.	

This course is essential for:

- Annual CE Requirements
- Clinical Competency Initiatives
- RN Certifications (CNOR, CEN, CCRN, etc.)

This course supports:

- Magnet™ Recognition
- Priority Staff Education around Core Measures
- Orientation

Continuing Education Credit

HealthStream is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation. The Clinical Practice Series contains over 360 accredited courses ranging in credit between 1-3.2 credit hours. Contact hours are provided by an agency accredited by the American Nurses Credentialing Center's Commission on Accreditation.
